DOGWOOD

Dogwood, White. Early spring finds the Dogwood in full bloom, clothed in white loveliness. Throughout the summer its foliage is a soft green, turning to brilliant dark red in the fall. One of the most decorative of native trees, it is one of the most popular.

MIMOSA

The Silk-Tree has pale green, fern-like foliage, delicately lacy and very decorative. An abundance of pink flowers crowns the branches in early summer on a fast-growing tree that may reach 30 feet in height. Its popularity is steadily growing.

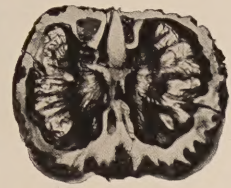

REDBUD

A rapid-growing tree with well-shaped, rounded top, reaching about 20 feet in height. It blooms in spring ahead of the leaves. Flowers are rose pink, pea-shaped, and they come out all along the branches. Combines well with White Dogwood along the edge of a wooded area. This is another hardy native American tree that has proved valuable practically all over the country and is therefore a favorite.

CHINESE ELM

An extremely fast grower. Indifferent to heat and drought. Gives plenty of shade. Grows 50 feet high.

BLACK WALNUT

American Black Walnut. Widespread tree; prolific.

BIRCH, River

A highly ornamental tree, requiring a moist location. It has a dense growth of small branches and ragged orange bark.

POPLAR, Lombardy

Produces a quick effect. Very slender and tall—50 to 60 feet for bordering driveways and providing a screen or wind break.

SYCAMORE

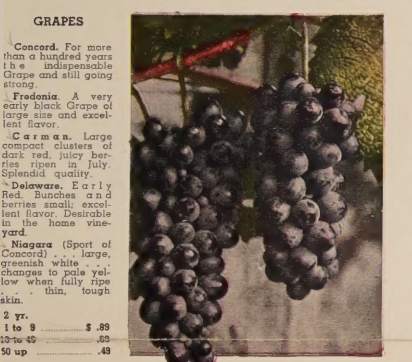

Peeling bark, which comes off in large pieces, leaving a smooth, cream-colored trunk. The globular fruits hang on all winter. A large tree, tall and impressive, widely used for street planting.

WEeping WILLOW

Another tree that everyone knows. Long, drooping, graceful branches with slender leaves waving in the breeze. Large and spreading tree. Grows rapidly in either dry or wet soil. Most picturesque.

GUARANTEE

We guarantee to ship you first-class, well-grown, healthy plants in good growing condition. Most failures are due to lack of watering before planting, lack of sufficient water after planting, improper care, over-fertilization, frost, etc., and we cannot therefore be held responsible for the results. However, we will replace at half the catalog price any plant or plants we sell that die, if notified by June 1 following planting, but in no case will we be liable for more than the purchase price of the plants.

TRANSPORTATION NOTICE

Two Order Blanks are included for your convenience. Please use Order Blank designated "Roses & Small Fruits" for ordering roses and grapes, which are sent prepaid.
 Please use Order Blank designated "Nut Trees, Shade Trees, Ornamental Trees, Flowering Shrubs, Evergreens and Fruit Trees" for all other plants. Our prices are so low that these must be shipped F.O.B. our Nurseries. We invite a comparison of our prices with others. Unless you specify method of shipment on plants other than roses and grapes, we will exercise our best judgment in choosing method of shipment, depending on size and weight. Be sure to designate your Express Office if not the same as your mailing address.

BREEDLOVE'S ROSES

MRS. BREEDLOVE'S FAVORITE DOZEN

Mrs. Breedlove's selection of these twelve varieties has been made after seeing more than twenty-five million plants grow during a twenty-five year period and observing perhaps a billion rose blooms. She has made thousands of rose arrangements for homes and shows and is well qualified to judge blooms.

Of all the many scores of varieties we grow, this is her favorite dozen.

These roses are grown in our fields, Tyler, Texas, "THE ROSE GARDEN OF AMERICA," by the latest scientific methods, which insures their fine quality, vitality, and bloom productiveness.

We use the best and most up-to-date processes known in growing, digging, storing, packaging, and shipping rose bushes. They will, therefore, reach you in perfect condition for planting.
